No horizons can stop you with unmatched convenience.

Nothing will stand in the way of your comfort with premium features such as a Panoramic Sunroof, Ventilated Seat, BOSE Audio System, and Power Adjustable Driver Seat, all designed to give you an unforgettable driving experience.

Spacious Luggage

Power Adjustable Driver Seat (8-Way)

Wireless Smartphone Charging

BOSE™ Premium Sound System

Ventilated Seat

Hyundai SmartSense

Blind-spot Collision-avoidance Assist (BCA)

Blind-Spot Collision-Avoidance Assist (BCA) warns you if there is a risk of collision with a rear side vehicle in the blind-spot while changing lanes. When forward exiting a parallel-parking spot, if there is a risk of collision with a vehicle approaching from behind, it automatically assists with emergency braking.

Blind-spot View Monitor (BVM)

When the turn signals are activated, the rear-side image of the corresponding direction is displayed in the cluster.

Forward Collision-avoidance Assist with Junction Turning (FCA-JT)

Alerts the driver if the vehicle ahead is slowing down too quickly or if there is the potential for a forward collision with stationary vehicles, pedestrians, cyclists ahead, or approaching vehicles on the road, and activates the brakes in the event of an impending collision. Forward Collision-Avoidance Assist also brakes automatically to avoid an impending collision with vehicles or cyclists ahead on the road or approaching from either side while making a left turn at an intersection.

Rear Cross-traffic Collision-avoidance Assist (RCCA)

The RCCA warns if a vehicle in the rear lane is approaching while reversing and applies emergency braking if necessary.

Smart Cruise Control (SCC) with Stop & Go

Smart Cruise Control (SCC) helps maintain distance from the front vehicle and drive at a speed set by the driver. Automatically stops when the front vehicle stops and automatically starts when the front vehicle departs within a short time.

Surround View Monitor (SVM)

SVM serve up a 360-degree birds eye view of the car and its surroundings. This optional system comes in quite handy when trying to fit the car into a tight parking spot.
